

RITANI

Our Story

Since first opening its doors in 1999, RITANI has strived to create the most exquisitely detailed, perfectly finished fine jewelry to be worn proudly for all time. In this spirit, every RITANI fine jewelry design makes a signature statement and sets apart the woman who wears it.

Drawing inspiration from a multitude of sources including romance, moments in time and nature, RITANI has defined a look that seamlessly complements the wardrobes of all women and their own unique styles and personalities.

From our beautiful branded collections, such as Endless Love™, RITANI Setting™, Romantique™, and more; to our custom order products, we design each and every piece of fine jewelry for its maximum beauty and character. We utilize only the finest grade platinum and 18k gold in our jewelry, ensuring a long lasting, durable and high quality product for as long as you own it. With our laser equipment we can ensure that our pieces are created with clean joints and finish, invisible seams and no porosity.

Feminine and romantic, every item from RITANI is unique and versatile and can be worn by day or in the evening.
